# Guardian Alert 911 Plus

**The freedom they want. The safety they need.  
The peace of mind you all deserve.**

Call for help with a push of a button from anywhere there's cell service, thanks to the power of 4G LTE connectivity. The Guardian Alert 911 Plus comes equipped with proprietary fall detection, a lifesaving feature that automatically dials 911 to contact emergency services. Rest easy, knowing loved ones will always be equipped with reliable communication and access to the help they need.

**On-the-go device:** Ensures safety and support at home or when out and about.

**4G-enabled connection:** Delivers fast and reliable communication during emergencies.

**Two-way communication:** Allows for crucial conversation and reassurance in emergencies.

**Direct-to-911:** Call first responders directly to ensure you have access to help 24/7.

**Fall detection:** Detects falls and sudden movements, triggering alerts to emergency services – even if the person in need is unable to speak or to use the device.

**Unmonitored:** This device does not require a monitoring service or monthly fees.

**Compact, comfortable device:** Includes belt clip and lanyard for easy carrying or wearing.

**Water-resistant:** Falls are the most common type of injury sustained in the bathroom.

## Stay Connected. Be Protected. All With the Guardian Alert 911 Plus.

The Guardian Alert 911 Plus lets aging adults retain their independence and confidence, offering immediate assistance at the push of a button. For families, it provides invaluable peace of mind. The unwavering reliability of the Guardian Alert 911 Plus reflects LogicMark's extensive experience in offering the most cutting-edge medical alert devices.

Guardian Alert 911 Plus is a trusted safety net, ensuring comfort and protection when it matters most.

## 24/7 Access to Emergency Services

One push of a button connects you directly to 911 emergency dispatchers. The device uses 4G LTE technology to reach help anywhere within range of cellular service. Proprietary fall detection technology ensures you can always reach help.
